NEW CARBON MONOXIDE ALARM REQUIREMENTS EFFECTIVE JAN 1, 2026

As of January 1, 2026, the Ontario Fire Code will require the installation of additional carbon monoxide alarms, regardless of building age. This new legislation applies to residential homes and care facilities served by a forced-air fuel-burning appliance not contained within the building.

- What's changing?
- CO alarms will now be mandatory on every storey of all homes with a fuel-burning appliance, fireplace, or attached garage.
 - There are also updated requirements for residential suites, care occupancies, and retirement homes.
 - Alarms must meet updated Ontario Fire Code and be placed in key locations.
 - Battery operated and plug-in carbon monoxide alarms are permitted
- Why it matters:
- Carbon monoxide is a silent killer—colorless, odorless, and deadly. These updated rules are designed to keep families safe and save lives.

Don't wait! Start preparing now to ensure you're compliant before the 2026 deadline. To learn more about the changes and carbon monoxide safety visit: www.ontario.ca/page/carbon-monoxide-safety

CALLING ELLIOT LAKE BUSINESSES

Join the City of Elliot Lake's Economic Development Newsletter Mailing List to stay up to date on all of the opportunities you have to grow and improve your business in Elliot Lake!

Sign up now to receive news on upcoming promotions, funding opportunities, as well as webinars and training opportunities for you and your staff!

What is the VPR?

- + A free and confidential service aimed at improving safety of vulnerable persons during emergencies and disasters
- + A secure registry that provides key information (vulnerabilities) to local Emergency Management Coordinators in order to improve safety during a Large-Scale Emergency.

Who should register?

- + Any resident living in an eligible area without 24-hour support who experiences severe difficulty with any of the following:
Mobility, Vision Impairment, Hearing Impairment, Developmental Disabilities, Cognitive Impairment, Mental Health Conditions
- OR + Any resident living in an eligible area living at home who requires electricity for life-sustaining equipment such as life support, oxygen, dialysis, etc.
