## EMERGENCY PREPAREDNESS WEEK:

*Be Prepared. Know Your Risks.*

**MAY 4 - 10, 2025**

Emergency Preparedness Week is a national awareness initiative and an opportunity for you to take action to ensure you're prepared to protect yourself, your family and your community during an emergency.

This year, the theme is *Be Prepared. Know Your Risks.*

We encourage you to understand the risks in your area and learn what actions you can take to protect yourself and your household

By taking a few simple steps, you can become better prepared to face a range of emergencies – anytime, anywhere.

It is important to:

### KNOW THE RISKS

Although the consequences of disasters can be similar, knowing the risks specific to our community and our region can help you better prepare

### MAKE A PLAN

It will help you and your family know what to do

### GET AN EMERGENCY KIT

During an emergency, we will all need some basic supplies. We may need to get by without power or tap water. Be prepared to be self-sufficient for at least 72 hours in an emergency

Also, visit the Emergency Management section of the City of Elliot Lake's website at [www.elliottlake.ca](http://www.elliottlake.ca) for more information on personal preparedness.
