## Safety Tips for all Trick-or-Treaters

-  Costumes should be light-coloured and flame resistant with reflective strips so that children are more easily seen at night. (And remember to put reflective tape on bikes, skateboards, and brooms, too!)
-  Remind children to walk, slither, and sneak on sidewalks - not in the street.
-  Use face paint rather than masks or things that will cover the eyes.
-  Remind children to look both ways before crossing the street to check for cars, trucks, and low-flying brooms.
-  Provide yourself or the children with a flashlight to see better and to be better seen.
-  Have children plan their route and share it with you and the family.
-  Visit homes that have the porch light on.
-  Remind children not to eat their treats and goodies until they are examined by an adult at home. And candy should not be eaten if the package is already opened. Small, hard pieces of candy are a choking hazard for young children.

**Happy Trick-or-Treating from the Clerk's Department!**

ACCESSIBLE TRICK OR TREATING

Treat Accessibility Halloween Villages are intended for children with disabilities and their families, allowing them to experience curb-side and accessible trick-or-treating with each other and with local neighbourhood kids.
