*Hello from your Economic Development Department,*

The goal of the Economic Development Department is to assist in creating a positive environment for business to grow and thrive while undertaking activities to facilitate in the growth of the municipal tax base. In a nutshell, we are here to help our businesses while making Elliot lake a better place to live and work. To learn more about economic development visit [elliottlake.ca/whatisecdevideo](http://elliottlake.ca/whatisecdevideo) to see a video produced by our friends at Economic Development Winnipeg.

The department has many projects on the go. Including:

- Department Town Hall on Wednesday October 11th.
- Assembling a working group to develop a new Ec. Dev Strategy for the City.
- Coordinating a merchandise design contest.
- Working with our business community on a winter shop local event.

If you are a business in the city, new or old, and have any questions, please reach out. We're here to help. [EDO@elliottlake.ca](mailto:EDO@elliottlake.ca) or 705-848-2287 x 2107

*Steve Antunes and Marcus Heard*

### DID YOU KNOW?

You can submit your club's events on the city hall calendar.  
[elliottlake.ca/communityeventscalendar](http://elliottlake.ca/communityeventscalendar)

### CITY MERCHANDISE

City merchandise is still available at City Hall and at participating local retailers.  
[elliottlake.ca/merchandise](http://elliottlake.ca/merchandise)

## Cooking Safety

Cooking brings family and friends together, provides an outlet for creativity and can be relaxing. But did you know that cooking fires are the number one cause of home fires and home injuries? By following a few safety tips you can prevent these fires.

### Cooking and Kids

Have a "kid-free zone" of at least 3 feet (1 metre) around the stove and areas where hot food or drink is prepared or carried.

#### FACTS

- ❗ The leading cause of fires in the kitchen is unattended cooking.
- ❗ Most cooking fires in the home involve the kitchen stove.

#### "COOK WITH CAUTION"

- Be on alert! If you are sleepy or have consumed alcohol don't use the stove or stovetop.
- Stay in the kitchen while you are frying, boiling, grilling, or broiling food. If you leave the kitchen for even a short period of time, turn off the stove.
- If you are simmering, baking, or roasting food, check it regularly, remain in the home while food is cooking, and use a timer to remind you that you are cooking.
- Keep anything that can catch fire — oven mitts, wooden utensils, food packaging, towels or curtains — away from your stovetop.

#### If you have a small (grease) cooking fire and decide to fight the fire...

- On the stovetop, smother the flames by sliding a lid over the pan and turning off the burner. Leave the pan covered until it is completely cooled.
- For an oven fire, turn off the heat and keep the door closed.

#### If you have any doubt about fighting a small fire...

- Just get out! When you leave, close the door behind you to help contain the fire.
- Call 9-1-1 or the local emergency number from outside the home.

# RECYCLING SCHEDULE

CALENDRIER DE COLLECTE DES MATIÈRES RECYCLABLES
